

rally drive plates

140mm / 5.50"

KEY FEATURES AND BENEFITS

- **Optimised design**
Low weight and moment of inertia
- **Optimised hub length**
Low inertia with minimum input shaft wear
- **Cermetallic material**
High energy capacity
- **Interchangeability with other manufacturers' plates**

140MM Ø				
SPLINE SIZE			PRODUCT REF	
NOMINAL	Ø	TEETH	SHORT HUB	LONG HUB
21 x 18	21.1	18	KDC550FA17X001	KDC550FB17X001
